

Technical Design Specification for the DBHR Homeless Services Providers Map Dashboard - Category 1

1. Description of data / data elements to be shared

The DBHR Homeless Services Providers Map dashboard displays the locations, coverage areas, and other pertinent information of organizations providing services, as detailed below. For information about what the Behavioral Health and Recovery program is, see our [DBHR](#) page on the Health Care Authority's (HCA) webpage.

Measure	Description
Program	Programs that participate in DBHR homeless housing support services.
CJTA - Criminal Justice Treatment Account	The purpose of this program is to increase the provision of substance use disorder treatment and recovery support services to justice-involved individuals. These individuals present with pending criminal charges or active enrollment in a Therapeutic Court program. Services include housing support services.
Forensic HARPS	As part of the Trueblood settlement, the Forensic Housing and Recovery through Peer Services (HARPS) program helps participants overcome barriers to finding and maintaining housing.
Forensic PATH	As part of the Trueblood settlement, FPATH is modeled after traditional PATH (Projects for Assistance in Transition from Homelessness) program and provides intensive case management with multidisciplinary teams that include certified peer counselors who have lived experience in behavioral health recovery, as well as outreach workers, housing specialists and mental health professionals.
HARPS -Housing and Recovery Through Peer Services	The Housing and Recovery through Peer Services (HARPS) program provides supportive housing services and short-term housing bridge subsidies to at-risk individuals. At risk individuals are exiting, or at risk of entering inpatient behavioral healthcare settings.
PATH- Projects for Assistance in Transition from Homelessness	The Projects for Assistance in Transition from Homelessness (PATH) program assists individuals experiencing serious mental illness in accessing housing, mental health services, substance abuse treatment, disability benefits, and other services to stabilize them and facilitate recovery.
Peer Pathfinder	The Peer Pathfinder Program provides substance use disorder (SUD) peer recovery support in emergency rooms and homeless encampments. The project links individuals to treatment options, housing, and basic needs.
Agency	Name of the provider agency.
Service County	Counties where providers offer services to clients.
